**DETAILED ACTION**

**Status of the Application**

Receipt of the Amendment and Applicant's Arguments/Remarks, both filed 10/18/04 is acknowledged.

Claims 1, 3, 6-15, 17 and 18 are pending. Claims 1, 3, 6-15 and 17 have been amended. Claims 2, 4, 5 and 16 have been cancelled.

***Allowable Subject Matter***

Claims 1, 3, 6-15, 17 and 18 are allowed.

The following is an examiner's statement of reasons for allowance:

The primary reason for allowance is that the prior art (Richardson *et al.* U.S. Pat. No. 6,042,849 & Hermelin *et al.* U.S. Pat. No. 6,258,846) does not disclose nor fairly suggest a tablet or capsule composition comprising the sequential release of a first component having an active ingredient consisting essentially of calcium compounds and a second component having an active ingredient consisting essentially of one or more magnesium compounds and a release-controlling agent, which prevents the interaction of the two components and affects the bio-uptake of magnesium by the host. The instant invention solves prior problems caused by the interaction of magnesium with other compounds, by providing a delayed release of magnesium until substantially all of the calcium compound has been released, whereas, in contrast, the art

Art Unit: 1615

teaches the simultaneous release of both components, thereby creating a decrease in the absorption of magnesium. A particular advantage of the present composition is that it controls the release of magnesium until it reaches the lower part of the small intestine where magnesium is most efficiently absorbed, thus providing improved methods for treating conditions resulting from magnesium deficiency, which is not taught or suggested by the cited art. Thus, the instant invention is rendered unobvious and patentable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
